

Map

32 km² of landscape, different climatic regions, six cities plus many smaller towns, huge mountains and dungeons that create intimate road systems.... Antaloor has a lot to offer!

Two Worlds is released with a poster of the land of Antaloor. The map shows 3D landscape models and detailed information such as teleport stations, vital locations for the main quest and important trading stations.. It measures 75x55 centimetres and is included in both the Standard and Royal Editions
(click the map to show at 1600 x 2184 px)

A person at our German staff - who have played the beta - has walked the stretch from the dwarf temple Throglin in the north to GorGammar in the south without pauses in the approximate time of 16:41 minutes. The swim over the river Gon wasn't even included.
